Subject, "Lost Power", from which he preached a great sermon.

RESOLUTION

Lakeland, Fla., January 27, 1939

My fruit is better than gold, yea, than fine gold. —Prov. 8:19; I quote. "I know of no way of judging the future, but by the past."

History tells of the three great leaders of Puritan origin, of Mississippi, Robert J. Walker, John A. Quitman and Sargent S. Prentiss. The church in the 16th Century, had her leaders, among them were Thomas Carthwright, Richard Baxter, Thomas Goodwin and many others that time or space will not permit us to name.

Those men were soled to the needs of their day time, for the good of man kind. In the Educational field, in Pure Politics, or pure government; in Religion and a well ordered common sense living for all, and

WHEREAS, Bishop R. A. Grant possesses all these qualities and ideals of the earlier reformers and

WHEREAS, He has the will, reason, knowledge, correctness of judgment, sincerity, a definite and clear conception and ambition with sufficient poise, his work in the past is sufficient to prove all we have said and more, be it

Resolved, That we the members and friends of the Orlando Florida Annual Conference of the AME church re-affirm our pledge to stand by his program, for

Be it further resolved, That we here and hereafter express deepest wishes for his return to Fla., until his wishes, as he has both expressed and is working toward an endowing and standardizing of Edward Waters college, are complete.

His work stands out for itself. He is as one who never sleeps, "My fruit is better than gold yea, fine gold —Prov. 8:19.

So say we all: A. P. Postell, S. J. Johnson, E. D. Dempsey, R. W. Logan, W. H. A. Pickett, S. G. Baker, Jas. Murray, N. B. Boyd, J. A. Brown, J. E. Harris, J. A. Robinson, Z. K. Rose, P. M. REPORT ON TEMPERANCE

Lakeland, Fla., January 27, 1939

To the Bishop and Members of the Conference:

We, the committee on Temperance, beg leave to make the following report, in the study of the liquor question which is a matter of grave concern to every section of our nation. We find that many serious problems are involved.

Perhaps the most outstanding problem in connection with the consumption and sale of liquor is the crime problem.

Mr. J. Edgar Hoover says that crime is costing the nation fifteen million dollars yearly, which is equal to \$125,000 per year for every man, woman, child in our nation. This is an expense which cannot long be endured and by far the greater part of this tremendous expense is caused directly or indirectly to the use of liquor.

Another great problem we are confronted with in dealing with the liquor question, is the vast program of advertisement. The liquor interests are using the daily press, the weekly magazines and even the radio to champion the cause of distilled and fermented malt liquor. The liquor interests are invading nearly every home with their method of advertising. They are seeking to place intoxicants on the table of every family.

They are seeking by every possible means to induce our young people to acquire tastes for intoxicants. These few references to this giant evil which is threatening our American life constitute a great challenge to the church, and every soberminded man and woman, to use every ounce of their strength and the full power of their influence, unitedly for the suppression of the liquor evil and for the protection of our youths and homes and our sacred institutions.

Respectfully submitted,

H. W. GARY, Chairman

REPORT ON EDUCATION

Lakeland, Fla., January 27, 1939

To the Bishop and Conference now in session:

Within recent years the growth of the public school facilities in our country has been remarkable. At the present time opportunity

to secure an elementary school education at public expense is in reach of practically all the children of our country, and secondary school training may be had by most of them. All thinking people agree that this is a development of which we might well be proud.

However, in addition to these provisions for public education, more than ever in the history of our country is there a need for the leadership of our church schools in helping to determine and to provide the type of education which the youth of today needs to meet the complicated situations in this modern world.

Christian education has much to offer to the satisfactory solution of the problems of the modern world. We who believe in democracy as the most satisfactory form of government, in international and interracial brotherhood, in peace and good will know that these ideals are safe only in a nation in which people have been reared in the true Christian tradition.

Christian education is needed not only to develop an effective and desirable type of citizen in our own country, Christianity offers the only satisfactory solution to the ills of the world at large. Peace can never be permanent until we learn to love our neighbors as ourselves. Not until the general acceptance of the principle of universal brotherhood can we hope for international good will.

Thus we see that our church schools, long dedicated to the task of providing for our youth an opportunity to secure a Christian education, have a definite and significant contribution to make. It is in these schools that the leaders in our civic and public institutions may receive valuable training. It is from these schools that may come the leaven which will influence for the better our entire educational structure.

The African Methodist Episcopal church has always done and is still doing its part to provide for our Negro boys and girls an opportunity to secure a Christian education. In our own state of Florida, under the aggressive leadership of our wise and capable Bishop R. A. Grant, Edward Waters College is again becoming an institution of which we are justly proud. Every Negro in Florida and especially every member of our own African Methodist Episcopal church should rally to the support of this institution to the end that the needs of the Negro youth of our state and our country may be adequately served.

Respectfully submitted,
J. W. WILLIAMS

To the Bishop and Conference:

Your committee on Deeds and Abstracts, beg leave to render our report. We have not had any deeds or abstracts submitted to us at this session of the conference.

Care should be taken also to see that our church property is entered and kept on the Tax Exemption Books of the County in which said property is located.

LOCAL CHURCH EXTENSION BOARD

Lakeland, Fla., January 27, 1939.

To the bishop and conference:

Your Local Church Extension Society beg leave to render our report of activities during the year:

January 9, 1939, we met in Sanford with Revs. A. P. Postell, S. J. Johnson, J. W. Williams and S. G. Baker present, and organized as follows: J. W. Williams, chairman; S. J. Johnson, collecting agent; A. P. Postell, treasurer; S. G. Baker, secretary.

Upon investigation it was found that there are other unlisted properties and we make the following recommendations:
